

INNOVATIONS IN SUPPORTING FAMILIES

COMMUNITY OF PRACTICE FRAMEWORK FOR SYSTEMS CHANGE WEBINAR SERIES

TECHNOLOGY & STRATEGIES FOR SUPPORTING FAMILIES

Today we use all kinds of different technology to make our daily lives possible. This *Innovations* webinar will explore how the power of technology is being harnessed to support individuals with intellectual and developmental disabilities, as well as their caregivers to:

- Discover and navigate their life course with practical information and tools
- Connect and network with others who share similar experiences
- Access goods & services to help them with their day-to-day, medical, and financial support needs

The presentation will also feature how you can connect with the Technology Access Program in your state to figure out the technology that works best for your situation and how to fund technology that is needed.

PRESENTERS

DAVID BAKER, MISSOURI ASSISTIVE TECHNOLOGY

The *Innovations* Webinar Series is brought to you by the National Community of Practice for Supporting Families of Individuals with Intellectual & Developmental Disabilities. This project is funded by the Administration on Intellectual & Developmental Disabilities, grant number ACF 90DN0298. AIDD is dedicated to ensuring that individuals with developmental disabilities and their families are able to fully participate in and contribute to all aspects of community life in the United States and its territories.
