COMMUNITY OF PRACTICE FRAMEWORK FOR SYSTEMS CHANGE WEBINAR SERIES

LIFECOURSE IN ACTION: REACHING THE "ALL" IN TENNESSEE

The National Community of Practice has developed a universal strategy for providing supports based on thinking that emerged from the public health field. Log on to this webinar to learn more about this strategy and how the messages of the LifeCourse framework and tools are being spread across the state of Tennessee by members of the CoP state team to enhance supports to families.

Join us or watch the archived presentation to hear more about how the LifeCourse framework is:

- reaching everyday families through generic community and technology resources,
- being carried to the front lines through public-private partnerships, and
- changing how services to individuals with I/DD and their families are provided in Tennessee.
